

CARRYING PLUS

Jiangling Motors Co. Ltd. (JMC) is one of the most established vehicle brands in China, and sets the standard on quality, safety, and technological advancement in its constant pursuit of growth. With a long history of producing industrial and commercial vehicles, JMC continues to enrich its product line-up.

CARRYING PLUS

THE IDEAL TRUCK FOR DEMANDING PROFESSIONALS

Meet the Carrying Plus, a truck that combines lightness and robustness thanks to its innovative chassis. The Carrying Plus has been designed to be the ideal solution for professionals, offering maximum efficiency, advanced safety, and convenience. With this truck, daily challenges become simpler and more productive.

**THE CARRYING PLUS:
STRONGER, SMARTER,
AND ENGINEERED
TO MOVE MORE.**

PRODUCT OVERVIEW

The JMC Carrying Plus is built for South African businesses that demand strength, reliability, and efficiency from their fleet. Powered by trusted Isuzu-derived technology and developed to Ford's global quality standards, the Carrying Plus delivers dependable performance across logistics, construction, delivery operations, and everyday commercial use.

With longer wheelbase options, a wider cabin, and enhanced load capability, it offers exceptional productivity while maintaining impressive fuel efficiency. Its award-winning design, reinforced chassis, and comfortable cabin make it a commercial vehicle that works as hard as your business does – every day, on every route.

Efficient, proven power.

- Isuzu-derived 4JB1 diesel engine.
- Low running cost with 8L/100km fuel efficiency.
- Engineered for long-term durability with 300,000km testing.

More space. More productivity.

- Longer 2,800mm wheelbase for increased load stability.
- Wider cabin (up to 2,050mm) for improved comfort and usability.
- Stronger chassis and heavy-duty components for higher payload capacity.

Comfort designed for long workdays.

- Spacious cabin seating up to three adults.
- Improved noise isolation for quieter driving.
- Fast-cooling A/C and practical storage throughout.

Safety you can rely on.

- High-strength steel cabin.
- ABS for added control.
- Optional air brake system for enhanced braking performance.

Versatility for every industry.

- Ideal for general cargo, fleet deliveries, and construction support.
- Compatible with tipper, van body, and refrigerated configurations.
- Built to adapt to the needs of small businesses, growing fleets, and large-scale operations.
