

Vigus

Jiangling Motors Co. Ltd. (JMC) is one of the most established vehicle brands in China, and sets the standard on quality, safety, and technological advancement in its constant pursuit of growth. With a long history of producing industrial and commercial vehicles, JMC continues to enrich its product line-up.

Vigus

WHITE SERIES

The Vigus White Series

is a vehicle that offers all the essentials – and more – at an affordable price. Curated for an increasingly competitive business landscape for corporates, fleet owners, and small to medium enterprises (SMEs), the Vigus White Series offers unrivalled value with key solutions to match your every need.

Vigus

PREMIUM SERIES

The Vigus Premium Series

is the epitome of luxury and performance. Meticulously designed to cater to discerning tastes, this extraordinary series redefines comfort and efficiency and is set to conquer the greatest of challenges. Rain or shine, smooth or rough, the Premium Series will elevate your ride.

Vigus

WHITE SERIES 4X2

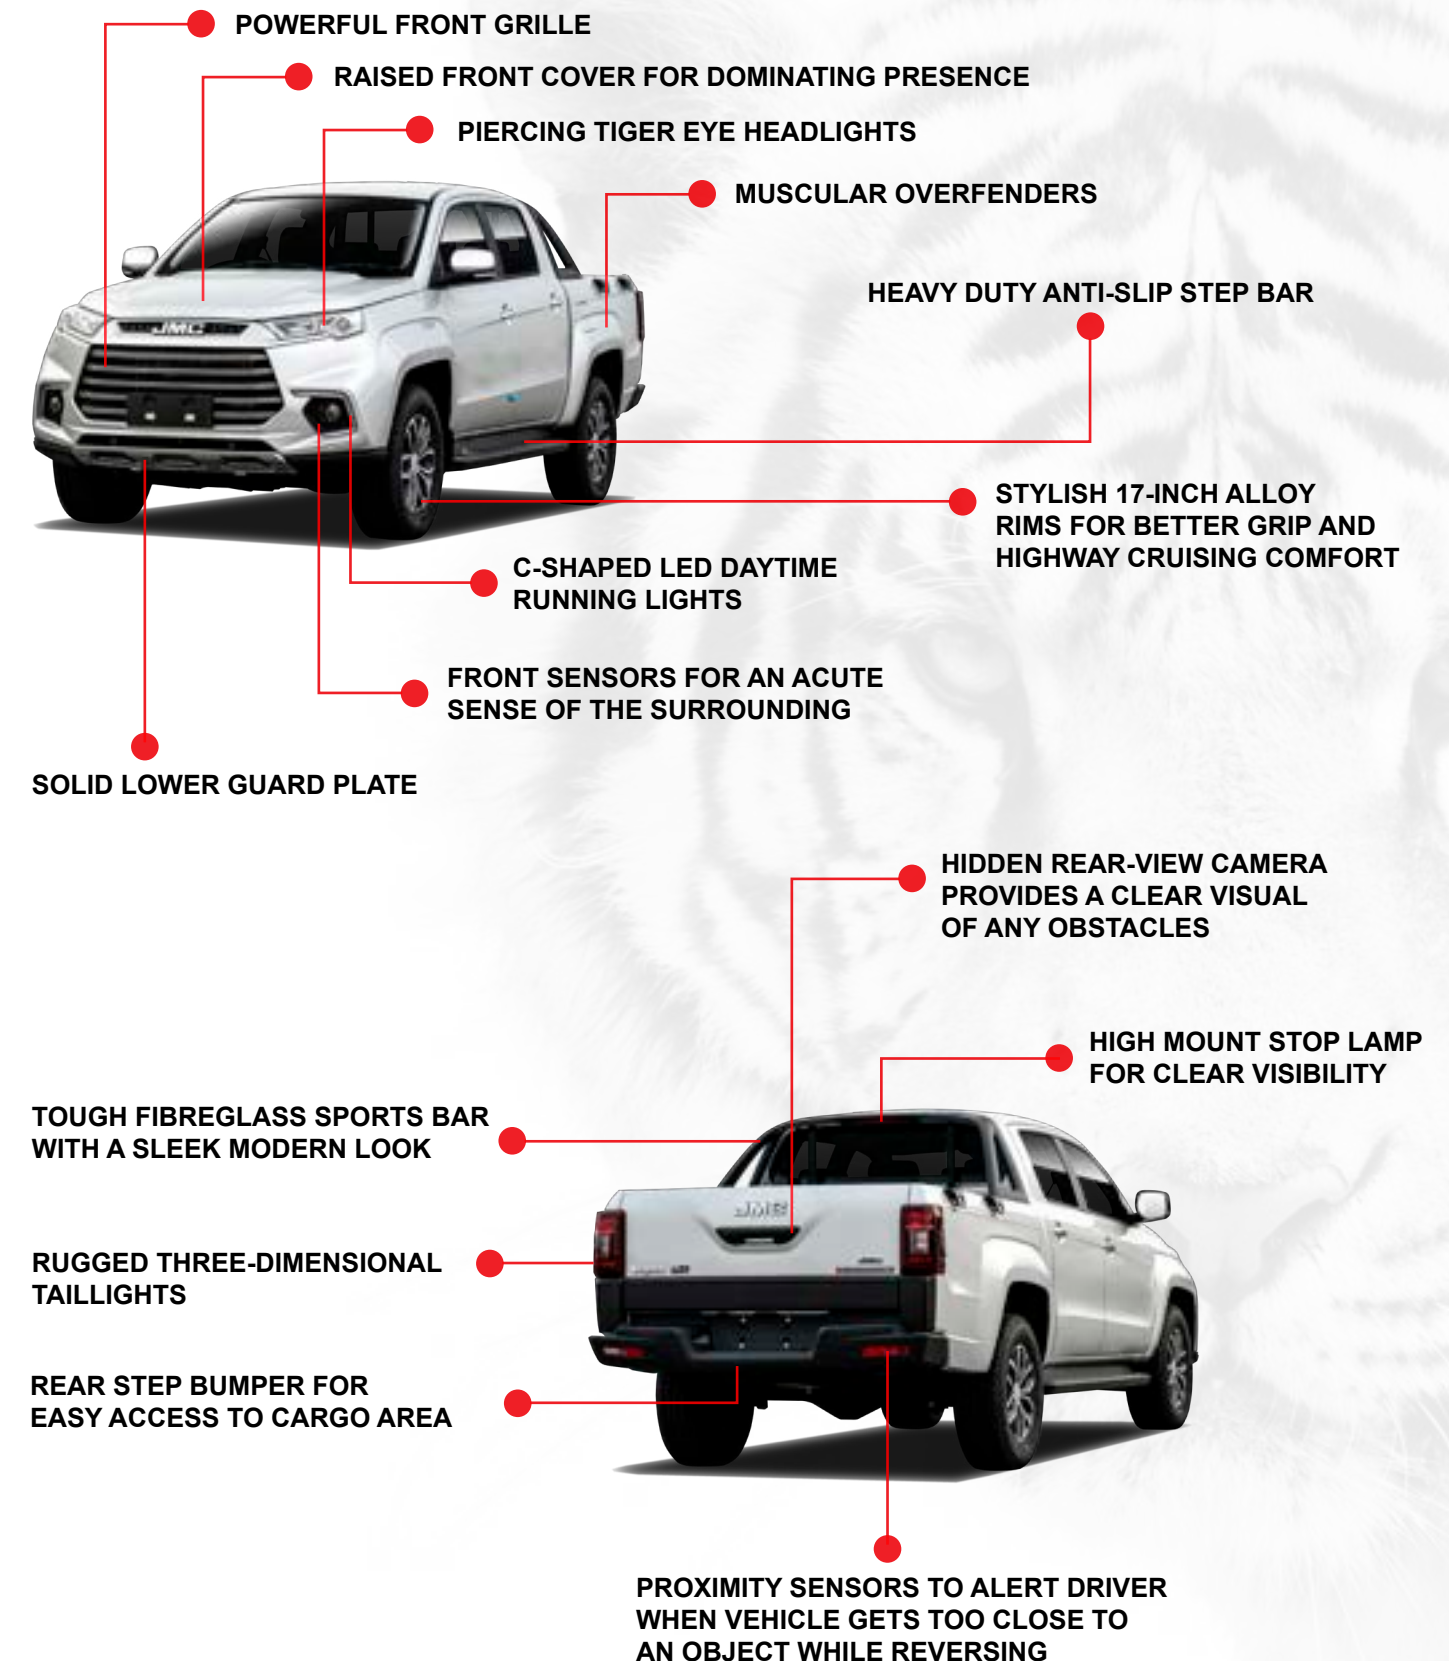

The Vigus White Series 4x2 extends the series, offering all the same features while offering even more affordability and improved fuel efficiency due to its lighter weight. Tailored specifically to startup entrepreneurs, this variant provides the ideal solution for those seeking a pickup truck without the necessity for 4WD capability.

ALL READY. ALL BEAST.

Drawing inspiration from the muscular physique of a tiger, we studied the anatomy of the predator and morphed it into the design philosophy of the JMC Vigus, which revolves around channeling its power and dominance into every aspect of the exterior. From the muscular lines on the hood to the sleek contours along the sides and rear, every detail is designed to evoke the strength and agility of this majestic predator.

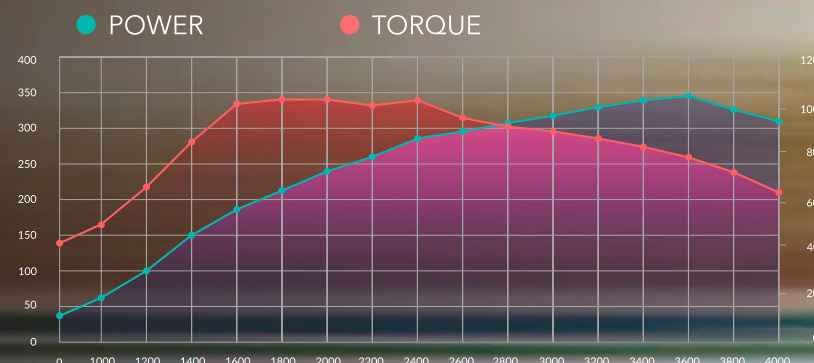

This is the JMC Vigus. Part predator. Part vehicle. 100% beast machine.

FORGET HORSEPOWER. LET'S TALK TIGER POWER.

Beast on the outside, mean machine on the inside. Underneath the hood of the Vigus lies a Puma 2.0 TDI diesel engine that optimises performance based on driving conditions. Coupled with the class-leading ZF 8-speed auto transmission with manual mode, you're guaranteed smooth and efficient drives.

POWER
141^{PS}
3,600rpm
TORQUE
340^{Nm}
1,500-2,600rpm

EXCELLENT FUEL EF
7.8L/100km*

Bosch high-pressure common rail

The Bosch high-pressure common rail's advanced technology adjusts to undulating and off-road terrains by analysing driving conditions and accurately adjusting fuel injection to enhance engine performance for improved fuel efficiency.

BorgWarner 4WD system

The low-range transfer box of the BorgWarner 4WD system allows for conquering particularly challenging inclines and off-road obstacles. The simple switch of a button allows you to actively choose 2WD or 4WD to achieve maximum performance.

ZF 8-speed auto transmission

ZF 8-AT, most commonly found in luxury vehicles, offers a manual mode option, empowering you to take complete control of gear selection when needed. Keeping the engine within its optimal RMP range, the ZF 8-AT ensures quicker acceleration and more responsive handling.

Puma 2.0L TDI diesel engine

Crafted for optimal performance and fuel economy, the robust Puma 2.0L TDI diesel engine delivers impressive torque and power, allowing for effortless acceleration and towing across various driving scenarios.

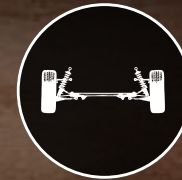

FOR PRODUCTIVE VENTURES

Experience the epitome of reliability and efficiency with the Vigus. This versatile workhorse makes every trip a seamless and productive venture, no matter the terrain.

Stronger impact absorption

The ladder frame chassis offers a sturdy structure capable of withstanding various terrains, allowing for better impact absorption and passenger safety.

Putting torque where it matters

The Eaton differential lock allows torque to be shifted from one wheel to another in situations where the surface is uneven and one wheel is not in contact with the ground, giving the wheel on the ground the traction to move.

Better durability and load stability

The multi-leaf suspension system ensures even weight distribution for better durability, stability, and load capacity.

Built for a heavy load

The independent double wishbone consists of lower control arms and a reinforced stabiliser bar, improving handling and ensuring a comfortable ride.

AN INTELLIGENT BEAST

Get an extra edge in sight and sense with the Vigus's incredible safety features. Whether you're on slippery tracks or a tricky descent, navigating tight corners or unexpected obstacles, this is an intelligent beast you can trust to steer you through for a seamless ride.

SAFETY

Antilock braking system (ABS)

ABS prevents wheel lock-up during emergency braking, allowing you to safely steer away from obstacles and avoid collisions.

Electronic brake-force distribution (EBD)

EBD intelligently adjusts and distributes the right amount of brake force between the front and back wheels to optimise braking performance with different loads.

Electronic stability programme (ESP)

The ESP with traction control system aids navigation by applying pressure to specific wheels when it senses drive-wheel spin on slippery surfaces.

Front dual air bag system

By covering both the driver and front passenger, the dual air bags improve passenger safety.

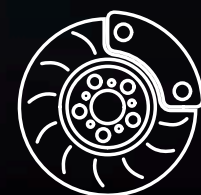

Hill-start assist (HSA)

The HSA, when starting from a slope, holds the vehicle for 2 seconds, allowing the driver sufficient time to switch from the brake to the accelerator pedal.

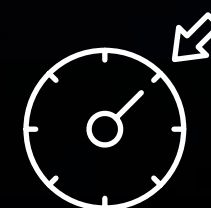

Hill-descent control (HDC)

The HDC automatically adjusts speed and brake pressure to maintain control when tackling a downhill.

Four-wheel disc brake

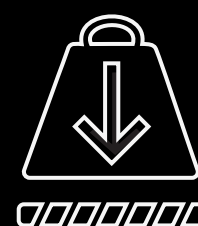

4 large-sized ventilated disc brakes ensure a strong braking force and fast heat dissipation for efficient braking, even with a heavy load.

Cruise control

Ideal for long-distance travel, cruise control offers the convenience of setting and maintaining the vehicle's speed within a safe range.

PAYLOAD
950 KG

A WHOLE NEW WORLD ON THE INSIDE

Multi-function leather steering wheel

- Easy operation for menu selection and Bluetooth connection.
- Paddle shifter for changing gears, maintaining a hands-on-wheel, engaged experience.

9.7" touchscreen with integrated reverse camera

- Centre console hub for on-the-go entertainment needs.
- USB port to connect or charge devices.
- Integrated reverse camera for smarter parking.

Electronic gear selector

- Modern shift knob offers gear changing with the simple press of a button.

Spacious interior cabin

- Ample leg- and headroom.
- Convenient secret storage compartment beneath the rear seat.

Proximity sensors

- Smart sensors with wide sensor distance of 120cm at the middle and 60cm on both sides.
- Audible obstacle alerts.

Remote control power windows and mirrors

- Raise or lower windows and fold side mirrors from a distance with remote control.

Side mirror heaters

- Clear condensation from adverse weather conditions for a safer drive.

Speed-sensing door locks

- Vehicle doors lock automatically upon reaching 25km/h.

Rain-sensing auto wipers

- Wiper speed auto-adjusts based on rain density.

Auto on/off headlights

- No need to manually switch headlights on or off.
- Auto detects low light conditions to activate headlights.

Specification

MODEL		VIGUS DC 4X2	VIGUS DC 4X4
Dimensions	Body Dimension (L*W*H) (mm)	5 305 × 1 905 × 1 835	
Engine	Model	2.0 PUMA	
	Displacement (L)	2,0	
	Engine rated power (kW/rpm)	104	
	Maximum engine torque (N·m/rpm)	350	
	Compression ratio	16	
	Fuel tank capacity (L)	64	
Control	Transmission type	8-speed A/T	
	Front suspension	Double wishbone spiral spring independent suspension	
	Rear suspension	Leaf spring non-independent suspension	
	Steering system	Rack and pinion, crumpled steering column	
	Four-wheel disc brake	Std	Std
	265/65 R17	Std	Std
	Hydraulic power steering	Std	Std
Exterior	Power windows	Std	Std
	Power rear-view mirror	Std	Std
	LED daytime running lights	Std	Std
	High mount stop light	Std	Std
	Front fog lights	Std	Std
	Door-open warning signal light	Std	Std
	Monochrome metallic paint	Std	Std
	Aluminum alloy wheels	Std	Std
	Steel wheel hub spare tyre	Std	Std
	Chrome outer handle	Std	Std
	Chrome internal handle	Std	Std
	Cargo box rubberizing	Std	Std
	Cargo box rope hook	Std	Std
	Rear cargo compartment guardrail	Std	Std
	Side step	Std	Std

Interior	9.7-inch touch screen (MP5)	Std	Std
	Radio	Std	Std
	4 speakers (2 high and 2 low)	Std	Std
	Bluetooth	Std	Std
	Wireless android auto & apple car play	Std	Std
	Front USB charging port	Std	Std
	Vehicle information display	Std	Std
	Cruise control	Std	Std
	Adjustable steering wheel (two-way)	Std	Std
	Multifunctional steering wheel (sound control)	Std	Std
	Central lock with foldable remote	Std	Std
	Automatically lock when driving	Std	Std
	Leather seats	o	o
	Adjustable headrest height	Std	Std
	Central glove box	Std	Std
	Air conditioning (pollen and PM2.5 filtration)	Std	Std

Vigus

AN UNBEATABLE BUSINESS ALLY

The Vigus, a tough and reliable workhorse with a dynamically styled exterior and premium interior, has been meticulously crafted for business owners seeking durability, comfort, and affordability without compromising on performance.

MAXIMUM VALUE. SEAMLESS DRIVING. ENDLESS POWER.
That's the Vigus.
